

Mark Hydraulic Co. – A Division of Power Systems AHS

9931 S. 136th Street, Suite 200, Omaha, NE 68138-3939 ~ 402-734-6734 ~ office@markhydraulicomaha.com

Mark Hydraulic Company, Inc., is the solution to your fluid power needs.

We offer a large, versatile inventory of hydraulic and pneumatic products.

We have an experienced sales and engineering staff, machinists, hydraulic technicians, and welders.

Hours

Monday - Friday

7:30 a.m. - 5:00 p.m. CST

We are a proud distributor for **Bimba** Enterprise brands.

Accessories

ADSENS
TECHNOLOGY

Mufflers, Speed Controls, Fittings, Switches, Digital Pressure Sensors, and Inline Miniature Filters

Pneumatic Fittings and Tubing

Hydraulic Flanges, and Split Flange Adapters

(BARRINGTON AUTOMATION)

Aluminum Structural Framing Components

Hose and Cable Reels

NFPA and Custom Hydraulic Valve Manifolds, and Manifold Accessories

Water-to-Oil, Air-to-Oil and Custom Heat Exchangers

Fittings, Gauges, and Tank Accessories

Gauges: Pressure, Vacuum, Compound for Air, Oil, Water, and Gas

Mufflers, Motion Controls Quick Disconnects, Fittings Manifolds, Air Jets, and Tubing

Sensors, Timers and Electrical Connectors

Pipe and Tubing Clamps, Tank Accessories, Test Ports, Filter Carts, Flanges, Accumulators, and Diagtronics

Hydraulic Inline Re-buildable Live Swivels

Innovation by design
Distance Measuring, Control and Measurement, Power Management, and Automotive LED Lighting

Actuators

Pneumatic, Low Pressure Hydraulic Cylinder, Rotary Index Tables

BARRINGTON AUTOMATION

Gripper, Pick and Place, and Robotic Work Cells

Pneumatic, Low Pressure, Hydraulic Cylinders, Linear Actuators, Rotary Actuators, Air Clamps, Air Presses, Medium and Heavy Duty Hydraulic NFPA Cylinders, Non-Rotating, All Stainless Cylinders, and Air Boosters

High Force Hydraulic Rams, Spreaders, Torque Wrenches, Cutters, Machine Lift Rams, and Punches

LEADERS IN RODLESS CYLINDERS
Cable Cylinders

Custom Cylinders

Maxforce Electro-Mechanical

Pneumatic and Hydraulic NFPA Cylinders and Boosters

Plow and Ag Cylinders

Pneumatic and Low Pressure Hydraulic NFPA and Non- NFPA Cylinders

High Force Hydraulic Rams, Spreaders, Torque Wrenches, Cutters, Punches, Mechanical Jacks, Uni-Lift, Hydraulic Air Jacks, and Air Lifting Bags

Pneumatic and Hydraulic NFPA Cylinders

Filtration

Donaldson

Pneumatic Filters, Refrigerated, Regenerative Desiccant, and Membrane Air Dryers, and Condensate Management

Hydraulic Inline, Intank, Spin On Pressure, Return, and Suction

Hydraulic Inline, Intank, Spin On Pressure, Return, and Suction

Hydraulic Inline, Intank, Spin On Pressure, Return, and Suction

Hose Products

Aeroquip | Hose Center

General Purpose, Hydraulic, Washdown, Jack, Transportation, Material Handling, Non-Conductive and a wide variety of Custom Hose Products. Assemblies made in house while you wait.

Sidewinder and Diamondback Protective Sleeving, Python Straps

Mark Hydraulic Co. – A Division of Power Systems AHS

9931 S. 136th Street, Suite 200, Omaha, NE 68138-3939 ~ 402-734-6734 ~ office@markhydraulicomaha.com

Motors

Valve Plate and Vane

Axial Piston

Roller Bearing and Bushing Sleeve

Gearwheel, Disc Valve, Spool Valve and Steering Units

Electric Motors and Controls

Press Products

H-Frame, Horizontal, Platten and Arbor

H, Bench, and Roll Frame, Clamp and Arbor, Custom Presses

H Frame, Bench, Clamp and Arbor, Custom Presses

Pumps and Pumping Systems

Checkball Piston Up To 15,000 PSI With Split Flow Capability, Valveplate Design, Variable and Fixed Displacement

Electric, Air, Hand, and Gas Motor Driven Power Units. Maintenance, Puller, Pipe Bending, and Load Skate Sets. Work Holding Systems

Custom Power Units and Hydraulic Systems

RKP and RKP II Variable Volume Piston Pumps

Variable Volume Vane and Piston Pumps

Gear Pumps, Roller Bearing, Sleeve Bushing, Dump Pumps, Refuse Pump Systems, Clutch Pumps, Flow Dividers and Intensifiers

Open Loop Gear and Piston Pumps

Electric, Air, Hand, and Gas Motor Driven Power Units. Maintenance Sets

Valves

ALKON / ISI

Pneumatic 3- and 4-Way, Electric, Manual and Air Pilot, Motion Control

2-, 3-, and 4-Way Electric and Manual, Quick Exhaust

2- and 3-Way Stainless and Steel Ball Valves, Pressures to 7250 PSI

Pneumatic 2, 3 and 4 Way Electric, Manual, Air Activated, and Circuit Control, Two Hand Anti-Tie Down Controls

Pneumatic and Hydraulic Flow Control, Needle, Check, Quick Exhaust, Slide and Cartridge

Hydraulic NFPA Directional Valves, Stack Valves and Inline Valves for Pressure and Motion Control

Hydraulic Directional, Pressure and Flow Control

Hydraulic Servo, Proportional and Mobile

Hydraulic NFPA Directional Valves, Stack Valves and Inline Valves for Pressure and Motion Control

PVG Proportional Controls, Cartridge, Monoblock and Stacking Directional Controls

CANFIELD

Pneumatic, Oil, Water, Inert Gas, 2- and 3-Way Electrical

2- and 3-Way Stainless and Steel Ball Valves, Pressures to 7250 PSI, Check Needle and Flow Control

Pneumatic, Hydraulic, Water and Gas, 2-, 3-, 4-, and 5-Way Electric, Manual or Piloted, Brass, Aluminum and Stainless, Directional and Motion Controls
